## Second Hubby Not Dangerously Rich

New York, N. Y., July 27.—Mrs. George W. Kirkman, formerly Mrs. Helen Stead Dodge, who divorced Walter Ph. Dodge, the millionaire, last April, has married her second husband, Mr. Kirkman, a real estate manager of a Detroit firm, after a courtship lasting only a week. Her first husband won her after a two weeks' wooing. She hopes to be happy this time, because, she says, her new husband is not "dangerously rich."

## WINNING WANTS

The Explicit Want Ads are the ones that bring the most replies—they are the ones that are read with the greatest degree of satisfaction.

When you write a Want, tell all the important facts. If you are advertising for help, tell just what is to be expected of the applicants. As a matter of fairness, those who seek employment should know all the principal facts regarding a position, so that only those who are capable of filling such a place will be expected to apply.

In locating a position through the Want Columns, state your qualifications plainly and concisely. Tell of your experience and estimate enough of the facts, so that those who are seeking workers will have full enough information, if they are interested, to communicate with you.

The explicit Wants tell clearly, concisely, in a minimum number of words, just the thought that is to be expressed.

## FEDERALS COMING UP NORTHWESTERN

Developments Make It Appear That Juarez Will Be Attacked Soon.

That the federal army will enter the vicinity of Juarez, yet unevacuated by the rebels, is evidenced by the sighting late today of the advance guard of the federal army at Matamoros. In the Madera district, some 250 miles southwest of Juarez. When this news reached Gen. Orozco's headquarters in Juarez, a train was ordered made up on the Mexican North Western railway with the evident intention of transporting rebel troops from Casas Grandes to Madera to face the advancing federal force.

This at last makes clear the mode of the federal approach to the rebels for the government the strip along the border of the United States now held by rebels, although Gen. Orozco has repeatedly stated that he would evacuate Juarez, now held by a rebel garrison of no more than 300 men, rather than continue the fighting on the border. The federal army evidently will approach Juarez along the North Western railway, the American owned road which so far has been undisturbed by the rebels on local divisions. And the more men lead the rebels to violence against this road.

The roundabout approach of federal forces to Juarez from Chihuahua city, the state capital, directly to the south, has been caused, no doubt, by the destruction of the Mexican Central railway, the government owned line, which runs directly south from Juarez to the state capital and thence to the City of Mexico. That the rebels have been thorough in this was shown today when a courier arrived to report that the rebels' destruction crew so far had torn up about 60 English miles of road, burning the ties and destroying the rails for all future use. This work was begun some days ago in view of the expected federal approach from the state capital, and today 100 more men were sent south along the Central to assist in the work.

Just what action the approach of the federal army along the North Western, which runs west of Chihuahua city and northeast to Juarez, may cause, is not announced, but at least the American owned road will be employed for the rebel troop movements until the federal army dangerously close. Orozco had originally planned to evacuate Juarez and leave by way of Casas Grandes for the state of Sonora, where his main command is now holding forth, but today's developments may lead to an entirely new plan.

A report reached here last night that the main body of the federal army had reached La Junta, a point on the Chihuahua-Madera branch of the North Western, and is proceeding as rapidly as possible repairing the destroyed bridges on the way. It is announced here that a minor engagement is hourly expected between the federal advance guard and rebels from Madera.

## RICHEST WOMAN IS BAPTIZED

New York, N. Y., July 27.—Mrs. Hetty Green, the multimillionaire, who has just become the Protestant Episcopal church in New York, has been baptized according to the rites of her new religion and will soon be confirmed by bishop James of New York. Mrs. Green is now 78 years of age and is still actively engaged in the management of her vast business affairs, although she now receives considerable assistance from her son, Col. Henry Green.

## Y Belt for Airmen.

A French airman has devised a safety belt designed to keep airmen from being thrown from their machines and to help break the shock of falling with the aeroplane. It consists of a broad leather strap, which covers the whole of the chest and part of the abdomen, to the ends of which are attached powerful elastic straps, which are in turn made fast to the machine by leather straps. Should the aeroplane meet with an accident, the shock is taken up by the elastic, and the airman is kept in his seat until parts of the framework or the wing structure have broken the fall for him.

## Providence in Human Affairs.

If a great change is to be made in human affairs, the minds of men will be fitted to it, the general opinions and feelings will draw that way. Every fear, every hope, will forward it; and then they who persist in opposing this mighty current in human affairs will appear rather to resist the decrees of Providence itself than the decrees of men.—Edmund Burke.

## WAGE LAW FOR THE WOMEN WORKERS

This Is One of Roosevelt's Reforms; Some Points in Forthcoming Speech.

Oyster Bay, N. Y., July 27.—"The confession of faith" of Col. Roosevelt is down in black and white, the finishing touches having been made yesterday. When he has completed the recital of his doctrines in Chicago on the night of August 5, he probably will be called socialist or anarchist and he will call the measures he advocated must come.

"They are a corrective to socialism, and an antidote to anarchy," he declared. Two of the more striking measures favored by Col. Roosevelt are the fixing by law of minimum wage scales for women workers and a guarantee by law to workmen employment in what he calls the "continuous industries" of eight hour shifts and one day's rest in every seven.

Although Col. Roosevelt has taken precautions to prevent the contents of his speech from becoming known, he has given a glimpse behind the veil. He dealt almost entirely with broad economic principles and gave the impression that he will lay emphasis chiefly upon subjects of this nature, which he says both Democratic and Republican platforms have ignored. He said he was curious to see how his speech would be received by large business interests.

The things he now has to say, he added, he hoped would not frighten these men, for if they were wise, they would realize that they were acting in their interest. Business should be encouraged in every legitimate way, he said, but in the same time business property should be made the "hand maiden of the people" and the tendency should be toward a diversification of the ownership of property.

Opposed to Democratic Proposals. The proposals of the Democrats, Col. Roosevelt said, were futile. He cited the Stanley congressional investigation as illustrating his point. The effect of the Democratic platform, no corporation be permitted to control more than 30 percent of any particular business, he declared, would be to limit the growth of the country. The Democrats, some time before, he said, had favored the same plan only with a different limitation.

The Democratic party, he said, offered no solution of these problems, and as far as he was concerned, the form in which he viewed it lightly, saying that it was written by W. J. Bryan, who did not know what he was talking about. The Republican party, now that the men in the National Progressive movement have left it, he asserted, is composed largely of the bosses and the financial interests.

## ELECTION LAW IN NEW YORK

WILL NOT BE INVOKED. New York, N. Y., July 27.—Chairman Barnes, of the Republican state committee, yesterday denied reports that the New York election law would be invoked to prevent the choosing of Progressive presidential electors in this state. The reports became current in connection with the publication of a letter from the state executive committee, Jacob A. Livingston, chairman of the Republican executive committee, of Albany's county, holding that presidential electors could not be nominated in New York state by petition, which is the only way by which they can be chosen by the Progressive party.

## DECLARES LYON IS NOT REPUBLICAN NOW

Lively Fight Is Promised at Republican State Convention August 13.

San Antonio, Tex., July 27.—That Col. Cecil A. Lyon and others who bolted the party at the Chicago convention and rallied around the standard of Theodore Roosevelt, are no longer Republicans in good standing and will not be recognized at the state convention to be held at Dallas on August 13, was the statement made by Hugh F. McGregor, of Houston, national committeeman from Texas, upon his arrival here for a conference of a subcommittee appointed at the Chicago convention.

This means that there is going to be a merry fight at the state convention, for colonel Lyon is chairman of the state executive committee and issued the call for the convention.

The conference here which Mr. McGregor came to attend was for the purpose of arranging the preliminaries to the state convention, the subcommittee having this in charge being composed of Judge Marshall, of Dallas; L. S. McDowell, of Big Spring; Capt. Jack Elgin, of San Antonio, and C. A. Wanklin, of Houston. This committee will have much to do between now and the time of the state convention, for the bolt at Chicago will necessitate the rearrangement of affairs and to fix the status of the Bull Moose party in the scheme of things.

## KENTUCKY PROGRESSIVE

PARTY HOLDING CONVENTIONS. Lexington, Ky., July 27.—The Progressive party are holding conventions today in every county in Kentucky, except Jefferson, to select delegates to district conventions to be held in August.

## THIRD PARTY IN WYOMING ORGANIZED

Delegates Elected to Chicago Convention—Will Name Electors.

Cheyenne, Wyo., July 27.—The Progressive convention called by governor J. M. Carey, met this morning in the office of the governor. There were about 17 delegates present. Governor Carey made an address in which he stated that the Progressive movement was a rebuke to Republicans and Democrats alike who had failed to serve the people. His speech was largely devoted to local conditions.

Governor Carey was made chairman of the convention, with A. A. Underwood vice president, and Sheridan Downey, secretary. Committees were appointed, and governor Carey, Frank Sheridan, were named as delegates to the Chicago convention. Roy Schenck, A. A. Underwood and R. D. Carey were named as alternates.

Adjournment was then taken until late this afternoon. Presidential electors will be chosen, but there is no disposition to place a third state ticket in the field. The only candidates to be chosen this year are for the legislature.

## "PROGRESSIVES" OF GRANT HOLD MEETING

Delegates Instructed For Roosevelt; Old Parties Are Arraigned.

Silver City, N. M., July 27.—The county "Progressive" Republican convention, presided over by Dr. E. S. Bullock, adopted strong resolutions favoring Col. Roosevelt for president and cheerfully hitting the old parties some heavy jolts, charging that they are ruled and dictated to by political bosses. Five delegates were elected to the state convention to be held in Albuquerque and they go instructed for Col. Roosevelt first, last and all the time. The delegates are Judge A. W. Cooley, C. G. Given, of Silver City, W. H. Kinnon, J. A. Leahy and A. W. Morningstar, of Lordsburg.

## ROOSEVELT MEN WILL WITHDRAW FROM TICKET.

Lincoln, Neb., July 27.—It became known here today that a plan was effected at a conference of Progressive and regular Republicans last night whereby the candidates for presidential electors on the Republican ticket who are favorable to Roosevelt will withdraw and their places be filled by men who, if elected, will cast their votes for Roosevelt.

Governor Aldrich was a party to the conference, but it was reported that he would refuse to carry out the agreement and would stand by his earlier position for Roosevelt.

## EDWIN SIMS WITHDRAWS

FROM ROOSEVELT PARTY. Chicago, Ill., July 27.—Edwin W. Sims, former United States district attorney in Chicago, returned from Oyster Bay today and announced his withdrawal from the National Progressive party because of the decision to nominate a state ticket in Illinois.

Mr. Sims was one of the Chicago managers for Col. Roosevelt in the pre-convention contest and was slated to be national secretary in the impending campaign.

## NAMES OF PRESIDENTIAL

ELECTORS ON REEVES TICKET. Pecos, Tex., July 27.—Presidential electors names appear on the primary election ballot for Reeves and Loving counties. It is not believed, however, that voters must necessarily pledge themselves to vote the Democratic presidential national ticket in order to vote in the county and state primary.
